Organisers

中華人民共和國香港特別行政區政府
The Government of the Hong Kong Special Administrative Region
of the People's Republic of China

Asia's Thought-Leadership Platform for Health Innovation and Investment

As an annual thought-leadership programme, the **Asia Summit on Global Health (ASGH)** brings together senior government officials, influential business leaders, investors, services providers and renowned academia to examine global trends in health innovation and investment, explore areas of global collaboration in the health arena and showcase new business opportunities and partnership for investors and project owners.

As the anchor event of **International Healthcare Week**, ASGH synchronises with various healthcare events across Hong Kong, such as conferences, seminars, and networking sessions, to promote cross-sector collaboration and dialogue.

Development and Research

Distinguished Speakers' Insights

Universities are incubators of innovation, where bold ideas are tested and refined. From lab to bedside, we can partner with industry, governments and communities to ensure our research discoveries can reach those in need.

Prof Nancy Y. Ip
President
The Hong Kong University of Science and
Technology

"China for China" may be the first step, and "China for the globe" is the second one. In healthcare, for us, it's about cooperation and really developing the next level of treatment together so that we can serve everyone globally.

Marc Horn
Executive Vice President, Merck;
President, Merck China

We need to recognise that investing in health is an investment in a healthy population, so it's an investment in the economy, in society, and contributes to productivity.

Martin Taylor
Representative to China
World Health Organization

Prof Graham Cooke
Imperial College London

Ambassador George Hara

Hong Kong

Dr Wu Xiaobin
China Pharmaceutical Innovation
and Research Development
Association; BeiGene

Dr Zhang Lianshan
Jiangsu Hengrui
Pharmaceuticals Co., Ltd.

...and more

(In alphabetical order according to family names)

It's important to remember that we're all patients, caregivers and taxpayers. At the end of the day, we all have the same objective. Everybody wants to have a functioning healthcare system.

Wendy Hurlburt

President & CEO
Life Sciences British Columbia

ASGH Business Hub and InnoHealth Showcase

Health innovation and technology companies, R&D institutions, incubation centres, start-ups, science/biotech parks and laboratories, services providers, investment agencies and government bodies from Hong Kong and overseas will showcase the latest health innovations and their unique capabilities at the ASGH Business Hub and InnoHealth Showcase.

Project Pitching

To enhance business networking and increase exposure for fundraising initiatives, selected start-ups will participate in live project pitches. Additionally, the ASGH digital platform will feature videos showcasing the innovation and business progress of start-ups.

ASGH Deal-making

A unique deal-sourcing and matchmaking session connecting potential investors, including venture capitals, private equities, family offices and more, with project owners in the healthcare and medical sectors.

Side Visits to Health Clusters in GBA

Participants can opt to join a side visit to health clusters in Hong Kong or other Greater Bay Area cities to gain valuable insights into the latest developments in the healthcare and medical sectors in the region.

Who You Can Expect to Meet

- Investors and financial service professionals
- Business leaders and industry players from healthcare sectors
- Innovation and technology companies, start-ups and entrepreneurs
- Professional services providers
- R&D institutions, incubation centres, science/biotechnology parks and laboratories
- Researchers, academics and medical professionals
- Government agencies and regulators

Hear What Our Exhibitors and Investors Say

This summit is a powerful platform that allows us to showcase our cutting-edge innovation and foster collaboration. This is our first time participating in the summit. We have already seen its tremendous value, and we plan to return next year to deepen the relationship we have made here and drive the growth.

Dr Charmaine Ye
Director, Medical Affairs and Commercial Development, APAC,
Heranova Lifesciences

Hong Kong is a biotech leader with top science parks and startups, letting me see world-renowned innovations at this Summit. ASGH allows us to connect with the Hong Kong ecosystem at the event and in many meetings around the event. It certainly showcases Hong Kong as a global hub for global health innovators.

Nathan McNally
Founder, P4 Precision Medicine Accelerator
