

**List of registered pharmaceutical products indicated for the treatment or prevention of coronavirus disease (COVID-19)
(As of 23 February 2024)**

To facilitate the timely access of pharmaceutical products for treatment or prevention of COVID-19 in order to satisfy the unmet medical need during the public health emergency, the Pharmacy and Poisons (Registration of Pharmaceutical Products and Substances: Certification of Clinical Trial / Medicinal Test) Committee established by the Pharmacy and Poisons Board, would expedite the evaluation and approval process of applications for registration and conduct ad hoc meeting if necessary to ensure these products could be approved in a timely manner.
